

# ASU Innovation Talks

Members of the ASU-Cintana Alliance are invited to ASU Innovation Talks, online events provided by experts from Arizona State University, and designed to facilitate knowledge sharing, tips, and best practices between institutions to meet the unique needs of learners and communities around the world.

Registration links and promotional packages are available in Portal Cintana.

## Topics

- GenAI Teaching vs Human Teaching: A Collaborative Model for Learning
- Prompt Engineering Basics for Faculty: How to Get Results from AI
- Education in an age of Generative AI: Learning from the Past to Design the Future
- VR in Foreign Language Learning: A Research-Based Approach
- Foundations of ASU's Digital Learning
- Digital Learning Design
- The ASU Digital Learner Ecosystem
- Overview of Student Success at ASU

*A digital badge approved by ASU will be granted for participation.*
