

## Experiences

“Education has no boundaries.”

# Faculty Development Pedagogy

Comprehensive program focusing on faculty development and their readiness for effective professional performance in the teaching, research, and managerial responsibilities.

## Cintana International Certification of Pedagogical Proficiency

100-hour pedagogical training program, attended by a selected number of faculty members from the Cintana partners (local mentors) that will train other faculty in their institutions.

- Blended: Online courses & live webinars
- Peer interaction with international faculty
- English and Spanish
- Digital Badges

### Modules

1. Digitally Enhanced, blended and Online Learning
2. New Models of classroom engagement and learning effectiveness
3. Assessment of Student Learning
4. Continuous improvement of teaching practice & educational Research

## English Program Best Practices & Training

The course showcases the teaching philosophy of the Global Digital English Courses, implementation models available for Cintana member institutions, and the teaching and learning best practices for an effective implementation of the curriculum in the classroom. It is geared towards the specific needs of English Language teachers at Cintana Alliance member institutions.

## Introducción al uso de la inteligencia artificial en educación superior

Offered in Spanish, this introductory course takes a tour of the reality of university teaching and the impact produced on it by GenAI, analyzing tools and recommendations from groups of experts on how to use them. It offers concrete examples of activities already carried out by Latin American university professors.

## Local Cintana Program

Pedagogical development program open to all local faculty members, based on Cintana's pedagogical contents and deployed with the support of the local mentors.
